

SAPIENZA
UNIVERSITÀ DI ROMA

Post-Doctoral Position in Rome

A Post-doctoral Scientist position is available in **Prof. Vincenzo Barnaba's** Cellular and Molecular Immunology Unit (Dipartimento di Medicina Interna e Specialità Mediche) at the Sapienza University of Rome, to study *adaptive immune responses in viral infections and tumors*. We are seeking highly motivated, independent and enthusiastic individuals, with an M.D. or Ph.D. in Immunology or related fields, preferably with a background in cellular and molecular immunology.

Previous extensive experience working with flow cytometry, animal handling and in vivo assays, plus a variety of cellular and molecular assays (T cell cloning and cultures, cell isolation, PCR and RT-PCR), is highly desirable. Applicants must have an outstanding track record of research, excellent organizational as well as English communication and writing skills.

The monthly net salary is approximately €1500.

Interested applicants should send a detailed CV with a list of publications, contact information, a description of research interests and related experience to:
